Invitation from the Chairman

8 September 2016

Dear Shareholder

I am pleased to invite you to BHP Billiton Limited's 2016 Annual General Meeting (AGM). The meeting will be held on Thursday 17 November 2016 at the Brisbane Convention and Exhibition Centre.

The AGM is an important part of BHP Billiton's overall approach to governance. The AGM gives you the opportunity to talk to your Directors and senior management team, ask questions, and vote on the items of business which are explained in this Notice of Meeting.

To provide you with an opportunity to discuss issues with some of the Company's senior executives, this year we have decided to supplement the AGM with a shareholder information session that will be held prior to the AGM. At that session, which will be led by your Chief Executive Officer, a brief update will be provided on community issues, developments with Samarco and climate change, and will be followed by a Q&A session. The information session will commence at 9.30am, followed by the AGM at 11.00am.

Samarco

We are deeply sorry to all those who have been affected by the tragic events at the Samarco iron operations in Brazil in November last year. BHP Billiton is committed to supporting Samarco's response as they rebuild communities and restore the environment. BHP Billiton Brasil has now established a permanent presence in Belo Horizonte to ensure that we can continue to support Samarco's remediation and recovery work over the longer term.

In November 2015, BHP Billiton, Samarco and Vale jointly commissioned an external investigation into the technical cause of the breach of the tailings dam. A panel of four geotechnical specialists from Brazil, Canada and the United States was engaged to provide the technical expertise to support the investigation. At the 2015 AGM of BHP Billiton Limited, I made a commitment that the findings from the investigation would be made public and would be shared with others in the resources industry. On 29 August 2016, the findings from the investigation were released. Please see our exchange release for more information.

Further information on Samarco is available in our Annual Report.

Board renewal and succession planning

John Schubert has decided to retire at this year's AGM. On behalf of all shareholders, I thank John for his outstanding service to the Board and the Group over many years, and wish him all the best for the future. We will miss his wise counsel and judgement.

To ensure orderly succession and renewal, the Board undertakes careful long-term planning, continually reviewing the appropriate composition of the Board. We look out over a five-year period to consider the mix of skills and experience which the Board will require over time. This mix should include diversity of gender, geographic location, nationality, skills, background, knowledge and experience.

As part of the continual Board renewal process, in August 2016 we announced that Ken MacKenzie would join the Board effective 22 September 2016. Ken has a proven track record, having led a successful company in a challenging sector for a decade. His extensive global and executive experience will enable him to make a significant contribution to the Board.

Together, your Directors contribute international business and senior executive experience; mining and oil and gas operating experience; knowledge of world capital markets; regulatory and government policy experience; an understanding of the health, safety, environmental and community challenges that we face; experience of successfully managing a global business in the context of uncertainty; and an understanding of the risk environment of the Group, including systemic risk such as financial crises and climate change.

Your Board believes that the overall composition of the Board enables it to effectively govern BHP Billiton on behalf of shareholders in the best interests of BHP Billiton.

BHP Billiton's policy is to give shareholders the opportunity to formally vote on each Director each year. All your Directors are standing for re-election this year, except for Ken MacKenzie who will stand for election for the first time, and John Schubert who, as mentioned, is retiring at the BHP Billiton Limited AGM. The performance of each Director standing for re-election has been assessed and all Directors have been unanimously recommended for election or re-election.

The Board recommends that you vote in favour of all the Directors standing for election or re-election.

Remuneration

In considering the short-term incentive for the Chief Executive Officer (CEO) for FY2016, the tragic events at Samarco were a key consideration, along with the ongoing decline in commodity markets and its associated impact on our performance. Notwithstanding the CEO's strong performance against agreed personal performance measures, the Board and Remuneration Committee exercised their discretion to determine that the CEO's short-term incentive outcome for FY2016 should be zero.

BHP Billiton's Remuneration Report is available in our Annual Report.

Board recommendation

The Board considers that all resolutions are in the best interests of shareholders of BHP Billiton, as a whole, and recommends you vote in favour of Items 1 to 20.

Conclusion

Thank you for your continued support of BHP Billiton. I encourage you to join us at the AGM and at the shareholder information session prior to the AGM, and I look forward to meeting as many shareholders as possible on the day.

Yours sincerely

A handwritten signature in black ink, consisting of a stylized 'J' and 'N' followed by a horizontal line and a dot.

Explanatory Notes

The Explanatory Notes that follow form part of the Notice of Meeting and provide important information regarding the items of business to be considered at the Annual General Meeting (AGM).

Your vote is important. By voting, you are involved in the future of BHP Billiton.

Business

Items 1 to 4 and 9 to 20 will be proposed as ordinary resolutions. Items 5 and 6 will be proposed as special resolutions. Items 7 and 8 will be proposed as non-binding ordinary resolutions.

All items of business at the AGM are joint electorate actions. The voting procedure explained on pages 24 to 27 ensures that both BHP Billiton Limited and BHP Billiton Plc shareholders can vote on these matters.

Item 1

Financial Statements and reports

The law in Australia and the United Kingdom requires Directors to lay before the meeting of shareholders the financial report (or statements) and the reports of the Directors and the Auditor for the year.

In accordance with BHP Billiton’s approach to corporate governance, shareholders in each of BHP Billiton Limited and BHP Billiton Plc are being asked to receive the reports and accounts of both companies.

In the interests of simplicity, one resolution is proposed in respect of the reports and accounts for both BHP Billiton Limited and BHP Billiton Plc, as the accounts for the BHP Billiton Group as a whole are presented in the BHP Billiton Annual Report.

Item 2

Reappointment of auditor of BHP Billiton Plc

The law in the United Kingdom requires shareholders to approve the appointment of a company’s auditor each year. The appointment runs until the conclusion of the next AGM.

KPMG has acted as the sole auditor of BHP Billiton Limited and BHP Billiton Plc since December 2003. Prior to that, KPMG and PricewaterhouseCoopers acted as joint auditors.

The law in Australia does not require a similar annual reappointment of an auditor. A resolution to reappoint the auditor of BHP Billiton Limited has, therefore, not been proposed.

Item 3

Remuneration of auditor of BHP Billiton Plc

The law in the United Kingdom requires shareholders to either agree the remuneration of the auditor or authorise the company's directors to do so. In accordance with United Kingdom requirements, shareholders are asked to authorise the Risk and Audit Committee to determine the remuneration of the auditor of BHP Billiton Plc.

The law in Australia does not impose the same requirement. A resolution in respect of the remuneration of the auditor of BHP Billiton Limited has, therefore, not been proposed.

Item 4

General authority to issue shares in BHP Billiton Plc

The purpose of this resolution is to renew the authority of the Directors to issue shares and other equity securities in BHP Billiton Plc.

The proposed authority would permit the Directors to allot shares with an aggregate nominal value of US\$105,603,590.

This amount:

- represents approximately 3.97 per cent of the total combined issued ordinary share capital of BHP Billiton Plc and BHP Billiton Limited (or 10 per cent of the total issued ordinary share capital of BHP Billiton Plc) as at 2 September 2016, being the latest practicable date before publication of this Notice of Meeting (the **Latest Practicable Date**);
- is considerably lower than the maximum limit specified in the guidelines of major shareholder associations in the United Kingdom – the Investment Association and the Pensions and Lifetime Savings Association permit a maximum limit of one-third of the issued share capital or two-thirds in the case of a pre-emptive rights issue;
- is considerably lower than the authority granted until the 2013 AGMs (a limit representing approximately 25 per cent was sought and granted at our AGMs until 2013, but the limit requested was reduced in 2014 to 10 per cent of the total issued ordinary share capital of BHP Billiton Plc, and this lower limit has been sought annually since then). The Board considers that the lowered limit strikes the appropriate balance between market practice in South Africa (where investors expect a significantly lower limit on the general authority to issue shares than is acceptable in the United Kingdom) and ensuring that sufficient capacity is retained to finance business opportunities that may arise during the year; and
- is subject to the lower limit specified in Item 5 where shares are issued for cash on a non-pre-emptive basis.

This authority will expire at the conclusion of the BHP Billiton AGMs in 2017.

The Directors have no present plans to issue shares under this authority.

No shares were issued under the similar authority granted by shareholders at last year's AGMs.

As at the Latest Practicable Date, BHP Billiton Plc had 2,112,071,796 ordinary shares on issue and the total combined ordinary share capital of BHP Billiton Plc and BHP Billiton Limited was 5,323,762,901 ordinary shares.

Item 5

Issuing shares in BHP Billiton Plc for cash

The purpose of this resolution is to renew the authority of the Directors to issue ordinary shares and other equity securities and sell treasury shares in BHP Billiton Plc, for cash, without first offering them to existing shareholders in proportion to their holdings.

Paragraph (a) of Item 5 authorises the Board to issue shares and sell treasury shares for cash in connection with a rights issue or other pre-emptive offer.

Paragraph (b) of Item 5 authorises the Board to make other types of share issues (and sales of treasury shares, if any) for cash – for example, placements to people who are not currently shareholders. However, this authority in paragraph (b) is limited to shares with an aggregate nominal value of US\$52,801,795.

This amount:

- represents approximately two per cent of the total combined issued ordinary share capital of BHP Billiton Plc and BHP Billiton Limited (or five per cent of the total issued ordinary share capital of BHP Billiton Plc) as at the Latest Practicable Date; and
- is lower than the limit set out in the Statement of Principles of the United Kingdom's Pre-Emption Group, which reflect the views of The Investment Association and the Pensions and Lifetime Savings Association.

The Directors confirm their intention to follow the United Kingdom Pre-Emption Group's Statement of Principles regarding usage of the paragraph (b) authority so that cumulative usage in excess of 7.5 per cent of the total issued share capital of BHP Billiton Plc (excluding treasury shares) within a rolling three-year period should not take place without prior consultation with shareholders.

The Directors did not use the equivalent authority granted by shareholders at last year's AGMs.

Item 6

Repurchase of shares in BHP Billiton Plc (and cancellation of shares in BHP Billiton Plc purchased by BHP Billiton Limited)

The purpose of this resolution is to renew BHP Billiton Plc's authority to buy back its own shares, in the market.

The authority conferred by this item will only be exercised after considering the effects on earnings per share and the benefits for shareholders in BHP Billiton Plc and BHP Billiton Limited generally.

The Directors believe that the authority to acquire shares in BHP Billiton Plc could be exercised in the future (whether by way of direct market purchases by BHP Billiton Plc, by way of the alternative mechanism described below or by way of a combination of both), although there is no present intention to do so as at the date of this Notice of Meeting.

The renewal of the authority being sought will expire at the conclusion of the BHP Billiton AGMs in 2017. Shareholders are asked to consent to the purchase by BHP Billiton Plc of up to a maximum of 211,207,180 ordinary shares, which represents 10 per cent of BHP Billiton Plc's issued share capital as at the Latest Practicable Date. The maximum price that may be paid for an ordinary share is 105 per cent of the average middle market quotation for the five business days preceding the purchase and the minimum price that may be paid for any ordinary share is its nominal value of US\$0.50.

If a decision was made to exercise the authority conferred by this Item, the BHP Billiton Plc shares could be bought back directly, or, alternatively, by a mechanism whereby BHP Billiton Limited purchases fully paid shares in BHP Billiton Plc on-market and then transfers those shares to BHP Billiton Plc for no consideration, following which BHP Billiton Plc would cancel those shares.

Item 6 continued

This alternative mechanism would not have a different impact on the Group's cash, gearing or interest levels to a direct buy-back of its own shares by BHP Billiton Plc. The Board wishes to maintain flexibility to pursue strategies that maximise the Group's value and this form of arrangement may be an attractive option in terms of the Group's capital management.

The aggregate number of BHP Billiton Plc ordinary shares that would be acquired (whether by way of direct market purchases by BHP Billiton Plc or by way of this alternative mechanism) would not exceed the maximum number of BHP Billiton Plc ordinary shares for which the buy-back authority is sought under Item 6 and the same maximum and minimum prices would apply to any purchases of BHP Billiton Plc shares by BHP Billiton Limited which are transferred to BHP Billiton Plc for cancellation.

As at the Latest Practicable Date, there were options and other awards under employee share plans outstanding to subscribe for 1,389,974 shares in BHP Billiton Plc. If exercised in full, these would represent 0.07 per cent of the issued share capital of BHP Billiton Plc as at the Latest Practicable Date. If the authority to buy back shares under Item 6 was exercised in full (or the maximum number of ordinary shares in respect of which the authority is given is acquired by the alternative mechanism described above, or by a combination of direct market purchases and the use of such mechanism), these options or other awards would, on exercise, represent 0.07 per cent of the issued share capital of BHP Billiton Plc, net of the shares bought back.

The UK Companies Act 2006 enables companies in the United Kingdom to hold any of their own shares they have purchased as treasury shares with a view to possible resale at a future date, rather than cancelling them. If BHP Billiton Plc were to exercise its buy-back authority, it may decide to hold any shares bought back by it as treasury shares. This would provide BHP Billiton Plc with additional flexibility in the management of its capital base, enabling it either to sell treasury shares quickly and cost-effectively or to use the treasury shares to satisfy awards under BHP Billiton employee share schemes. Any shares acquired by BHP Billiton Plc under the alternative mechanism described above will not be treated as treasury shares. BHP Billiton Plc currently holds no treasury shares.

The Directors did not use the equivalent authority granted by shareholders at last year's AGMs.

Item 7

Approval of the Remuneration Report other than the part containing the Directors' remuneration policy

Item 7 is an ordinary resolution required under UK law and is an advisory vote.

The resolution is to approve the Remuneration Report for the year ended 30 June 2016, as set out in section 3 of the Annual Report, other than the part containing the Directors' remuneration policy report in section 3.3 of the Annual Report.

This resolution arises because the UK Companies Act 2006 requires the Remuneration Report to be split into a Directors' remuneration policy report and a Directors' annual report on remuneration. The remuneration policy is required to be put to a shareholder vote at least once every three years or if any changes are proposed. As BHP Billiton's remuneration policy report was approved by shareholders at the 2014 AGMs and remains unchanged, a resolution to re-approve the remuneration policy of BHP Billiton has not been proposed. BHP Billiton's remuneration policy will be put to shareholders again no later than at the 2017 AGMs.

Item 8

Approval of the Remuneration Report

Item 8 is an ordinary resolution required under Australian law and is an advisory vote.

For Australian law purposes, the Remuneration Report for the year ended 30 June 2016 comprises the whole of section 3 of the Annual Report.

The Remuneration Report is set out in section 3 of the Annual Report and is available online at www.bhpbilliton.com.

Item 9

Approval of grant to Executive Director

It is proposed that Andrew Mackenzie, an Executive Director of BHP Billiton, be awarded securities under the Group's Long-Term Incentive Plan (**LTIP**).

Each award under the LTIP is a conditional right to one ordinary fully paid share in BHP Billiton Limited.

Under the Australian Securities Exchange (**ASX**) Listing Rules, shareholder approval is required for an issue of BHP Billiton Limited securities to Directors. Approval is not required where the terms of the scheme under which the grants are made require that the underlying shares are purchased on-market and the terms applying to Mr Mackenzie's awards (comprising the terms of grant and the applicable plan rules) satisfy this requirement. In addition, there is no requirement under UK law or the UK Listing Authority's Listing Rules to get shareholder approval for the specific issue of BHP Billiton Plc securities to a Director on the terms proposed.

Although it is not required to do so, the Board wishes to seek approval for the acquisition of securities under the Group's LTIP by Mr Mackenzie as a matter of good governance.

- (a) The Board, on the advice of the Remuneration Committee, is proposing a grant of 339,753 LTIP awards.

The normal face value of Mr Mackenzie's LTIP award, as approved by the Board, is equal to 400 per cent of Mr Mackenzie's annual base salary (i.e. US\$1,700,000 x 400 per cent = US\$6,800,000). Converting this amount (i.e. US\$6,800,000) into Australian dollars by applying the US\$/A\$ exchange rate over the 12 months up to 30 June 2016 and then dividing that Australian dollar amount by the average daily closing price of BHP Billiton Limited shares traded on the ASX over the 12 months up to 30 June 2016, would result in a grant of 459,190 rights.

This normal face value was determined with the input of the Remuneration Committee's independent adviser and takes into account the appropriate level of total remuneration, as assessed by reference to a number of factors, including the extent to which the total remuneration is appropriate for Mr Mackenzie's role and the extent to which it is market competitive.

However, in light of the recent history of BHP Billiton's share price, the Board is conscious of shareholder expectations in this respect. On advice from the Remuneration Committee, the Board is instead proposing to grant 339,753 LTIP awards to Mr Mackenzie in FY2017. This is the same number that was granted to Mr Mackenzie in December 2015. The face value of the 339,753 LTIP awards is US\$5,032,000 – that is, US\$1,768,000 or 26 per cent lower than the normal face value of US\$6,800,000.

The LTIP award will be granted following the AGMs (if shareholder approval is provided).

For information on the LTIP, refer to section 3 of the Annual Report. The LTIP Rules are available online at www.bhpbilliton.com.

Item 9 continued

- (b) There is no cost to Mr Mackenzie on the grant of the LTIP awards. The awards will not have an exercise price and accordingly do not raise capital.
- (c) Mr Mackenzie is the only Director (or associate of a Director) who has received securities under the employee equity plans since shareholder approval was last obtained in relation to the grant of awards to Mr Mackenzie under the Group's Short-Term Incentive Plan (**STIP**) and LTIP at the 2015 AGMs. Mr Mackenzie was granted 69,566 rights under the STIP and 339,753 rights under the LTIP in accordance with those approvals and no consideration was payable by Mr Mackenzie in respect of those grants. Full details of those STIP and LTIP awards are set out in section 3.4.21 of the Remuneration Report.
- (d) Mr Mackenzie is the only Director (or associate of a Director) entitled to participate in the LTIP in 2016.
- (e) No loan will be made by BHP Billiton in connection with the grant of LTIP awards or the allocation to Mr Mackenzie of any shares on vesting of those awards.
- (f) The LTIP awards will be granted prior to 17 November 2017.

Items 10 to 20

Election of Directors

Director election framework

The Boards of BHP Billiton Limited and BHP Billiton Plc must be identical and operate as one. In the interests of simplicity, one resolution is proposed in respect of the election of each candidate to both the Board of BHP Billiton Limited and to the Board of BHP Billiton Plc. Accordingly, in each resolution, reference to 'BHP Billiton' is a reference to both BHP Billiton Limited and BHP Billiton Plc. The resolution to appoint each candidate is proposed as a separate resolution.

Under the Constitution of BHP Billiton Limited and the Articles of Association of BHP Billiton Plc, at least one-third of Directors must retire (and may seek re-election) at each AGM. However, taking account of the recommendations in the UK Corporate Governance Code, the Board has adopted a policy under which all Directors seek re-election annually. All Directors are retiring and offering themselves for re-election, with the exception of Ken MacKenzie (who is seeking election by shareholders for the first time having been appointed a Director since the 2015 AGMs) and John Schubert (who has chosen to retire at this year's BHP Billiton Limited AGM).

The Board annually reviews the performance of each Director seeking re-election at the AGMs, with assistance from the Nomination and Governance Committee. The review is designed to assess the effectiveness of each person. All Directors seeking re-election at the 2016 AGMs contributed to the review of every other Director during the year. The Nomination and Governance Committee has also reviewed the skills, backgrounds, knowledge, experience and diversity of geographic location, nationality and gender represented on the Board.

In addition, the Chairman, drawing on guidance from the Remuneration Committee, led an evaluation of the performance of the Chief Executive Officer (**CEO**) on behalf of all Non-executive Directors. The criteria used to assess the CEO's performance are set out in sections 2.15 and 3 of the Annual Report.

On the basis of these reviews, the Board considers that all Directors seeking re-election demonstrate commitment to their role, that each Director continues to make a valuable contribution to the Board and that the Board as a whole has an appropriate mix of skills, backgrounds, knowledge, experience and diversity to operate effectively. **Accordingly, the Board recommends to shareholders the re-election of all retiring Directors who offer themselves for re-election.**

The Board also recommends to shareholders the election of Ken MacKenzie.

In recommending Jac Nasser for re-election, the Board took into account his tenure. The Board is satisfied that Mr Nasser's tenure has not in any way compromised his ability to effectively discharge his obligations as a Non-executive Director, nor has it impaired his independence of character and judgement. The Board believes that Mr Nasser continues to make an outstanding contribution to the Board and the Nomination and Governance Committee.

All Non-executive Directors are considered by the Board to be independent in character and judgement and free from any business or other relationship that could materially interfere with the exercise of their objective, unfettered or independent judgement. The Annual Report contains further information on the independence of Directors in section 2.9.

The biographical details, skills and experience of each of the Directors standing for election are set out below and in section 2.2.1 of the Annual Report.

Group Company Secretary

Voting and participating

Your vote is important. By voting, you are involved in the future of BHP Billiton.

Shareholders can vote by:

- > attending the meeting and voting in person; or**
- > appointing an attorney or, in the case of corporate shareholders, a corporate representative to attend and vote; or**
- > appointing a proxy to attend and vote on their behalf.**

There are also a number of ways you can participate in the Annual General Meeting (AGM).

How are votes calculated under the Dual Listed Companies structure?

In accordance with our Dual Listed Companies structure, all items of business at the 2016 AGMs are considered significant matters and are therefore joint electorate actions. Voting on joint electorate actions works as follows:

- if a BHP Billiton Plc shareholder votes at the BHP Billiton Plc AGM (to be held in London on 20 October 2016), an equivalent vote will be cast on the corresponding resolution at the meeting of BHP Billiton Limited;
- if a BHP Billiton Limited shareholder votes at the BHP Billiton Limited AGM (to be held in Brisbane on 17 November 2016), that vote will be treated as though it was also cast on the corresponding resolution at the meeting of BHP Billiton Plc;
- a resolution will be passed only if the votes cast in favour (after the votes of shareholders of both companies are added together) represent a majority of the votes cast (in the case of an ordinary resolution), or represent at least 75 per cent of the votes cast (in the case of a special resolution).

All items of business will be decided by way of a poll.

Am I entitled to vote at the meeting?

In accordance with Australian regulations, the Board has determined that a person's entitlement to vote at the AGM will be the entitlement of that person set out in the Register of Shareholders as at 7.00pm Melbourne time (6.00pm Brisbane time) on Tuesday 15 November 2016. Share transfers registered after that time will be disregarded in determining entitlements to vote at the AGM.

In addition, Australian legal requirements limit the eligibility of certain people to vote on some of the items of business to be considered at the AGMs. The applicable voting exclusion (if any) for each item of business is set out immediately after the proposed resolution in this Notice of Meeting.

How do I register my attendance on the day of the AGM?

You must register to attend the shareholder information session and to vote at the AGM. The registration desks will be open from 8.30am (Brisbane time) and we ask that you arrive at least 30 minutes before proceedings commence to allow sufficient time to complete registration.

The proxy form you receive by post with your Notice of Meeting contains a personalised barcode, which can be scanned to register your attendance at the meeting. Please bring your proxy form with you to the meeting to make the registration process simpler.

I have a power of attorney from a shareholder – how can I attend and vote?

Attorneys should bring with them an original or certified copy of the power of attorney under which they have been authorised to attend and vote at the meeting, unless previously given to the Share Registrar.

I am a representative of a corporate shareholder – how can I attend and vote?

A shareholder that is a corporation may appoint an individual to act as its representative and to vote in person at the meeting in accordance with the Corporations Act. The representative should bring to the meeting evidence of his or her appointment, including any authority under which it is signed, unless previously given to the Share Registrar.

I hold American Depositary Shares – can I attend and vote?

The main contact for American Depositary Shares (ADS) holders who do not hold their investment directly is the registered shareholder, custodian or broker, or whoever administers the investment on their behalf. ADS holders may deal with them in relation to any rights under agreement with them to be appointed as proxy and to attend, participate in and vote at the meeting.

I want to vote but I can't attend the meeting – what should I do?

If you cannot attend, you can appoint the Chairman of the meeting or any other person as your proxy, to attend and vote on your behalf.

- A proxy form accompanies this Notice of Meeting.
- A shareholder entitled to attend and cast two or more votes may appoint up to two proxies. A proxy need not be a shareholder and can be an individual or a body corporate. Each proxy will have the right to vote on a poll and to speak at the meeting. Further proxy forms are available by contacting the Share Registrar.
- A proxy appointment may specify the proportion or number of votes that the proxy may exercise. Where this is not specified and more than one proxy is appointed, the votes will be divided equally among the proxies (i.e. where there are two proxies, each proxy may exercise half the votes).
- If a proxy is not directed how to vote on an item of business, or should any resolution other than those specified in this Notice of Meeting be proposed at the meeting, the proxy may vote or abstain from voting on that resolution as they think fit.
- If a proxy is instructed to abstain from voting on an item of business, they are directed not to vote on the shareholder's behalf on the poll and the shares that are the subject of the proxy appointment will not be counted in calculating the required majority.

I want to vote but I can't attend the meeting – what should I do? continued

- Shareholders who return their proxy forms with a direction on how to vote but do not nominate the identity of their proxy will be taken to have appointed the Chairman of the meeting as their proxy to vote on their behalf. If a proxy form is returned with a direction on how to vote but the nominated proxy does not attend the meeting, or does not vote on the resolution, the Chairman of the meeting will act in place of the nominated proxy and vote in accordance with any instructions. It is intended that proxy appointments in favour of the Chairman of the meeting, the secretary or any Director that do not contain a direction on how to vote will be used where possible to support each of the resolutions proposed at Items 1 to 20 in this Notice of Meeting.
- **The Key Management Personnel (KMP) of BHP Billiton (which includes each of the Directors, members of the Operations Management Committee and former members of the Group Management Committee) and their closely related parties (such as close family members and any controlled companies) will not be able to vote your proxy on any of Items 7, 8 and 9, unless you direct them how to vote.** If you intend to appoint a member of the KMP as your proxy, please ensure that you direct them how to vote on Items 7, 8 and 9, by marking the voting boxes on the proxy form for those items. If you appoint the Chairman of the meeting as your proxy, or the Chairman of the meeting is appointed as your proxy by default, but you do not mark the voting boxes on the proxy form for any of Items 7, 8 and 9, by completing and returning the proxy form you will be expressly authorising the Chairman of the meeting to exercise your proxy on the resolutions for which voting boxes have not been marked even though they are connected with remuneration of the KMP.
- The proxy form must be signed by the shareholder or the shareholder's attorney.
- Proxies appointed by corporations must be executed in accordance with the Corporations Act.

By when do I have to submit my proxy appointment?

- Proxies must be lodged by 12 noon Melbourne time (11.00am Brisbane time) on Tuesday 15 November 2016. Proxies lodged after this time will be invalid.
- Where the appointment of a proxy is signed by the appointor's attorney, a certified copy of the power of attorney, or the power itself, must be received by BHP Billiton Limited or its Share Registrar at the address specified below, or by facsimile, by 12 noon Melbourne time (11.00am Brisbane time) on Tuesday 15 November 2016. If facsimile transmission is used, the power of attorney must be certified.

How do I submit my proxy appointment?

You can lodge your proxy using any of the following methods:

- **Electronically** by recording the proxy appointment and voting instructions via www.bhpbilliton.com or www.investorvote.com.au. You can log in on a computer or by using the BHP Billiton Limited mobile voting service for smartphones. Only registered BHP Billiton shareholders may access this facility and will need the Control Number, their Holder Identification Number (HIN) or Securityholder Reference Number (SRN) and postcode for their shareholding (each as shown on the proxy form). **Once you have entered your voting instructions electronically, you will be asked to confirm your voting selections. At this point, you can request an email confirmation of your vote. Once you press 'submit', you will be taken to a screen that confirms your details have been received and processed. If you do not see this confirmation screen, you should contact the Share Registrar.**
- **By hand delivery or post** using the pre-addressed envelope provided to:

Can I ask questions at the meeting?

Discussion at the meeting will take place on all the items of business set out in this Notice of Meeting. Shareholders will have the opportunity to ask questions at the meeting (including an opportunity to ask questions of the auditor).

To ensure that as many shareholders as possible have the opportunity to speak, we ask you to observe the following courtesies:

- It would be appreciated if questions are kept as short as possible.
- Speakers are requested to restrict themselves to two questions or comments initially. Others may have waited some time to speak. If time permits, anyone wishing to speak more than once will be given a subsequent opportunity.

Shareholders who are unable to attend the meeting or who prefer to register questions in advance are invited to use the question form included with their proxy form (which is also available online at www.bhpbilliton.com).

I am not a shareholder – can I attend the meeting?

Non-shareholders (where they are not a proxy for a shareholder) who wish to attend the AGM are asked to register by 5.00pm Melbourne time (4.00pm Brisbane time) on Wednesday 16 November 2016, by emailing their details to BHPAGMattendance@computershare.com.au and will be able to sit in the main meeting room.

Will the meeting be webcast?

A live webcast of the AGM will be able to be viewed online at www.bhpbilliton.com.

When can I find out the results of the meeting?

Due to our Dual Listed Companies structure, the results of each resolution cannot be finalised until after both the AGM of BHP Billiton Plc and the AGM of BHP Billiton Limited are concluded.
